

MODULE: SCAN & CALL

Configuration	Action	Remarks / Notes
 The diagram shows a desktop PC with a monitor and keyboard connected via a blue arrow to a blue network router. Below the router, the text 'EZICALLER SYSTEM' is written in red.	Switch on your PC, verify that the EziCaller system activates automatically upon startup. Connect the PC to the designated router and record the assigned IP address for reference.	The system should launch automatically once the PC starts.
 The diagram shows a laptop connected via a blue arrow to an AV system icon labeled 'AV'.	Prepare a laptop dedicated for display purposes to be connected and shared with the AV/MCP team.	Ensure it's connected and displaying correctly.
 The diagram shows a laptop connected via a blue arrow to a 2D scanner icon.	Prepare a separate laptop to configure the QR reader using the 2D scanner.	Confirm the scanner is properly configured and tested.
 The diagram shows a laptop, a blue plus sign, and a black person icon.	(Optional) Set up an additional laptop to manage and control the queue list as needed.	Use if queue management is required during operation.

MODULE: MANAGE LIST

1. IMPORT DATA

- GRADUATE & PROGRAM LIST
- PHOTO / AUDIO (OPTIONAL)

2. GENERATE QR

MODULE: SCAN & CALL

1. SCAN QR

- SCAN USING 2D READER SCANNER
- ENTER ID MANUAL (OPTIONAL)

The screenshot shows the 'Scan&Call' web application interface. On the left is a green sidebar with a menu: Dashboard, Manage Graduates, Scan & Call (selected), Admin, Scan, Call, Manage Display, WS Connection, and Admin. The main content area has a header 'Scan&Call' and a sub-header '- Scan&Call'. Below the header, there are two main sections: 'Scan QR' and 'On Display'. The 'Scan QR' section has a text input field with the placeholder 'Please scan QR' and a 'Manual Entry' button. The 'On Display' section has a red 'On Display' button. To the right of the 'On Display' section is a 'Queue List' table. The table has a blue header 'Queue List' and four buttons: 'Reset', 'Clear', 'Skip', and 'Next'. The table lists 17 items, each with a name and a number in parentheses. To the right of each item are two buttons: a red 'X' button and a blue play button. A yellow callout points to the 'Queue List' table with the text: '3. QUEUE CALL (OPTIONAL) - ARRANGED IN A QUEUE PROCESS - NEED A PIC TO CONTROL (NEXT BUTTON)'. Another yellow callout points to the 'On Display' button with the text: '2. ON-DISPLAY - THIS SECTION TO MONITOR DISPLAY AS LIVE SCREEN'. A third yellow callout points to the 'Scan QR' section with the text: '1. SCAN QR - SCAN USING 2D READER SCANNER - ENTER ID MANUAL (OPTIONAL)'.

MODULE: MANAGE DISPLAY

1. LIVE SCREEN

- SETUP A DEVICE TO SHARE DISPLAY TO AV TEAM (GREEN SCREEN)

2. BANNER

- THIS SECTION TO CONFIGURE DISPLAY BANNER ON LIVE SCREEN

The screenshot shows the 'Screen Setup' interface with a green sidebar on the left containing the following menu items: Dashboard, Manage Graduates, Scan & Call, Manage Display (selected), View Live Screen, Setting, WS Connection, and Admin. The main content area is titled 'Screen Setup' and has a breadcrumb 'Manage Display - Screen Setup'. It is divided into three main sections: 'Banner', 'Display', and 'Others'. The 'Banner' section includes 'Background Color' (set to #04F404), 'Banner' (a file upload button labeled 'Choose File' with 'No file chosen'), and 'Banner Height' (a slider set to 18). The 'Display' section is divided into two columns: 'NAME' and 'AWARD'. Each column has 'TOP Value', 'Width Value', 'Height Value', 'Autosize' (checkbox), and 'Align' (dropdown set to 'Center'). The 'Others' section includes 'Audio' (checkbox), 'Waiting List' (checkbox), 'Border' (checkbox), 'Card Footer' (checkbox), and a 'Checking' input field set to 0. Below these is a text editor with a 'Reminder' message in English and Persian. The 'NAME' and 'AWARD' columns have sliders for 'LEFT Value' and 'RIGHT Value'.
